Elite Casino Products Introduces
New Server-Based Gaming Slot Cabinet and Top Box

ITASCA, IL, 11/1/08: As the Gaming Industry makes technical strides in the realm of server-based gaming, Elite Casino Products adjusts its product offerings to meet the changing needs of industry clients. On November 18, Elite Casino Products will introduce the Millennium Widescreen slot cabinet and slot products that will address server-based gaming solutions.

At the Global Gaming Expo in Las Vegas, Elite Casino Products will unveil the new 22-inch Widescreen Slot Cabinet and 22-inch Widescreen Top Box. Scott Irving, Managing Director of Elite Casino products knows that the Company's product line must keep pace with the changing technologies of the Gaming Industry. "This new cabinet and top box combination provides an ideal situation where games can be downloaded from a central server. We understand that the industry is moving in the direction of server-based gaming with game manufacturers spending millions of dollars each year on research and development," says Scott Irving. "When they are ready to send their games into production, we'll be ready with a cabinet that can accommodate their needs."

Elite Casino Products' widescreen cabinet and top box products integrate two premium 22-inch widescreen LCDs, offering outstanding graphic capabilities with 89-degree viewing angles from all four directions. The large video display areas attract players and heighten the gaming experience. The appealing style, robust durability, and server-based gaming capability of the new Millennium Widescreen Slot Cabinet and Top Box make this product a real winner on the slot floor!

To further develop the company's slot product portfolio, Elite Casino Products offers three new cabinet designs, as well as new top box and topper products. The Company will proudly unveil all these new products at the upcoming Global Gaming Expo. ECP's slot products are the perfect compliment to any slot game. Visit our company at the Global Gaming Expo at Booth 3474. You can also find us online at www.ecp-usa.com.

About the company:

Elite Casino Products is a manufacturer of high quality electro-mechanical assemblies specializing in gaming applications. The company's standard product line includes slot machine cabinets, bases, marquees, kiosks, and video monitor housings. Customized production options are limitless with Elite Casino Products' experienced mechanical and electrical engineers and talented production staff. All of ECP's products are designed with superior quality and durability in mind. The Elite Team is flexible and works with clients from concept inception or can go directly to production from established designs. Elite Casino Products is located 25 miles West of Chicago in Itasca, Illinois.
