FOR IMMEDIATE RELEASE

Elite Casino Products to Exhibit at SAGSE in Buenos Aires

ITASCA, IL, USA 11/01/11: Elite Casino Products, Inc., in association with its partner Oxford-based International Brand Gaming (specialist OEM solution provider), will be exhibiting for the first time at the upcoming SAGSE show in Buenos Aires on November 9-11, 2011. Elite Casino Products (ECP) will be introducing the NITRO Slot Cabinet Series to the Latin American market; the NITRO will be displayed on Suzo South America's stand No. 209.

ECP's NITRO series features a sophisticated dual-screen 22" cabinet and a new 32" portrait unit that immerses players with brilliant graphics and premium sound. The NITRO Series has contemporary aesthetic styling, a space-saving slim profile, and new premium features which distinguish the products from existing offerings.

"We are looking forward to our inaugural exhibition at SAGSE," says ECP Marketing Manager, Jayne Alm. "We anticipate that the SAGSE stage will be a wonderful entry point for ECP to extend its reach into South America. This market is growing quickly, and we know that our products, particularly the NITRO Series, would offer game manufacturers in South America a flexible, robust solution for their slot cabinet needs."

Visit ECP to get a first-hand look at the NITRO cabinet on Suzo's stand at SAGSE - Stand No. 209.

About the company:

Elite Casino Products is a manufacturer of high quality electro-mechanical assemblies specializing in gaming applications. The company's standard product line includes slot machine cabinets, bases, marquees, kiosks, and video monitor housings. Customized production options are limitless with Elite Casino Products' experienced mechanical and electrical engineers and talented production staff. All of ECP's products are designed with superior quality and durability in mind. The Elite Team is flexible and works with clients from concept inception or can go directly to production from established designs. Elite Casino Products is located 25 miles West of Chicago in Itasca, Illinois.
